EZRA ANYA OWOICHOFIE

+234 7012954115 | ezraanya14@gmail.com | Abuja, Nigeria | www.linkedin.com/in/theezraanya/

PROFESSIONAL SUMMARY

First-class graduate in Cybersecurity Science from the Federal University of Technology, Minna, with experience spanning front-end engineering, brand strategy, corporate communications, and digital content development. Proven ability to translate technical knowledge and strategic thinking into clear, measurable outcomes across multiple disciplines. Strong leadership record in academic, professional, and faith-based environments. Seeking to leverage a rare combination of technical depth, communications expertise, and analytical thinking within the banking and financial services sector.

WORK EXPERIENCE

Corporate Communications Specialist | *November 2025 – Present*
ITSky Solutions | Abuja, Nigeria

- Developed the brand positioning framework for Sky ID, establishing the core owning concept and defining messaging architecture across all communications and marketing assets
- Directed corporate identity strategy, positioning ITSky Solutions as a credible and authoritative brand in the software development and telecommunication sectors
- Created content strategy and marketing assets for three core products (Sky ID, Kirani and Sky Agent), including carousel narratives, vlog scripts and product video scripts
- Produced USSD awareness content to support user adoption and simplify access to digital service infrastructure
- Conducted a full corporate website audit and delivered strategic recommendations covering visual storytelling, UX structure, and interface credibility
- Designed and delivered a 90-minute internal design training session covering Figma and Photoshop fundamentals; produced a lecture note, Figma template specification, and design reference cheat sheet for the team
- Planned and facilitated an internal staff trivia competition to strengthen team cohesion and organisational culture

Brand Lead and Content Lead | *July* 2025 – Present
A.B Consulting Services | Abuja, Nigeria

- Lead all brand strategy, content creation, and digital communications for a people development consultancy and its structured accountability programs
- Designed and deployed the official A.B Consulting website from concept to launch, covering information architecture, UI design, copywriting and user experience
- Develop and manage a weekly email newsletter via Substack, driving consistent subscriber engagement and community growth
- Produce social media content across LinkedIn, Instagram and YouTube, including long-form posts, reels, carousels and video descriptions aligned with brand voice and audience strategy
- Developed all participant materials for the Personal Accountability Program (PAP) and Community Accountability Program (CAP), including 30-day workbooks, FAQ documents and onboarding resources
- Produced corporate services proposal, lecture briefs, event materials and presentation decks for institutional and organisational clients

Front End Engineer | *2020 – 2024*
Silvertouch Studios | Nigeria

- Designed and developed responsive, user-facing web interfaces using HTML5, CSS3 and JavaScript, delivering consistent experiences across desktop and mobile devices
- Translated design mockups and Figma specifications into clean, functional front-end code, collaborating closely with UI/UX designers and back-end developers

- Built and maintained multiple client websites across a multi-year engagement, consistently meeting project timelines and quality standards
- Optimised website performance for speed, accessibility and cross-browser compatibility, improving overall user experience across client platforms
- Integrated third-party APIs, content management systems and interactive components into client-facing web products
- Participated in code reviews and contributed to internal development standards and best practices across the team
